WOOD TABLES

Select a dining table top and personalize it with endless finish choices. Then, choose any leg style (T1, T2, T5) to pair with either top style. Choose a finish for the leg that coordinates with the top or make it a contrasting stain or paint. You can even add a custom embellishment.

All prices include top and four legs of your style choice. When choosing a top finish with a different leg finish, refer to the combination pricing.

Select from hundreds of finishes — standard stain or paint finish, metallic paint, MIY paint, artisan wood finish, premium leaf finish or metal finish. You can even make it a combination finish with contrasting base and wood top. Make a bold statement with high contrast choices, or go for an understated look with tone-on-tone or low contrasting personalized finish options.

Customize your piece even further by adding an optional embellishment such as highlight striping, pattern striping, shadowing (*select finishes*), sheen level option or distressing level.
