All bathroom vanities come standard with Vanguard Performance Top Coat for premium protection against heat, moisture, household chemicals, and abrasion. It is a high solids catalyzed wood finishing system that works with all Vanguard domestically produced stain and paint finishes to create a durable and transparent top coat perfect for high use furniture and as well as surfaces where tough protection is desired. An antimicrobial agent is also added to protect the surface from the growth of microorganisms. Normal cleaning and surface maintenance practices should always be followed to care for and extend the life of your wood furniture. Please refer to the care instructions in the Vanguard Price List.
