SPRING 2020

VANGUARD®
FURNITURE

The three most beautiful words in the English language to an interior designer are “Make It Yours.” Interior design is the ultimate form of self-expression. It tells a story, elicits emotion and creates a mood. It communicates who you are, where you’ve been and what you value. And of the 7 billion people living on this planet there has never been and never will be someone exactly the same. At Vanguard we celebrate the individual. This is manifested in the myriad of options we offer — providing designers a toolkit for creating one-of-a-kind furniture that reflects your style and your client’s personality. It is far more complex and requires much more creativity and training than pairing wines or picking the right shoes for an outfit. It is why the 600 associates at Vanguard have so much genuine respect for the talent you bring.

In a world where most manufacturers are mass-producing commodities, waiting for underserved consumers to click on a photo to furnish their cookie-cutter homes, aren’t you glad the two of us are not in that business?

We depend on your creativity, taste and panache. We bench-make your designs to order one at a time by hand. Your name is prominently displayed on every production ticket. Our upholstery craftsmen have you in mind as they hand tie springs, pull button tufts or apply nail heads. In our finishing room, our craftspeople imagine the room in which the case will be placed and take extreme care in finishing it to order, getting the color, texture, and sheen precisely right. Again, one at a time by hand.

They say that good things come to those who wait. But you don’t have to wait for long. This year our average lead time for custom upholstery was 21.75 days. Case goods was just under 28 days. For something designed and crafted to last for generations, it’s definitely worth getting exactly what you want.

Thank you for your partnership and your trust in us. Together we make a great team!

IT IS THE GOLDEN HOUR.

Touches of gold on the Finch occasional tables accentuate their natural beauty, while also adding a sense of opulence to a room.

DUNE IS THE ESSENCE OF EASYGOING ELEGANCE.

The Dune collection offers an escape from the everyday and a return to simplicity. Its modern organic style draws inspiration from the enduring appeal of natural elements honed over time. The collection features classic, comfortable silhouettes crafted of bleached walnut and highlighted with finishes that feel comfortable and familiar. Casually elegant details such as metal ferrules, White Bronze hardware and woven Lampakanay add another layer of luxe texture. From daybreak to sunset, Dune offers the promise of a life well-lived.

Great design tells a story of where you've been, where you are, and where you're going.

As The Thom Filicia Home Collection for Vanguard Furniture celebrates a decade of success, we are honored to have created a collection that has done just that. The Thom Filicia Home Collection for Vanguard Furniture has a distinctively modern yet classic perspective where refined mixes with raw, industrial plays against the organic, and color, material and texture are used in thoughtful ways to create a collection with a sophisticated and authentic point of view.

The Thom Filicia Home Collection was born from Thom's desire to create home furnishings that are exceptional, accessible and designed for the way we live today. Having launched twenty introductions in the last 10 years, Thom continues to succeed in creating pieces that combine style and taste with today's desire for comfort, clarity and innovation, resulting in a collection that is both timely yet timeless. Cheers to ten years and to the next decade of design!
